MK Kid (Missionary Kid)

Children Changing the World

International Mission Story

Hi! My name is Kathryn. I am an MK (Missionary Kid) in Malta. I have two younger brothers. Their names are Thomas and Nathan. My parents are international missionaries. Their names are Earl and Robin. (My dad grew up in Kentucky!) I go to a government school in Malta. We don't have many extra things in our school, like sports and lots of computers, but our teachers are good. Most of our classes are taught in Maltese except English and Math.

After school, I take ballet and basketball lessons. We do a lot of things at our church, too. One of my favorite things is when we have mission teams come from the United States. They lead fun stuff, like children's festivals and sports clinics. My brothers and I get to help. I really like doing puppet shows!

Some of the things we eat may sound strange to you. Our national dish is rabbit. Many people love to eat snails and horse, but I don't! My favorite Maltese food is hobz biz-zejt, which is bread with oil. We put things like tuna, beans and olive oil on top. Yummy!

Of course, the reason we are here is to tell the Maltese about Jesus. I tell my friends that I believe what the Bible says. Thomas gave a Children's Bible to a friend for her birthday. We pray for our friends and neighbors. We like to make friends with people we meet at the parks.

Some of your offering goes to the Cooperative Program. The International Mission Board gets some of the Cooperative Program money. The IMB gives my dad and mom a salary which pays for our rent, food, car costs and school tuition. It is a really big blessing to have the Cooperative Program! Thank you for giving money to the Cooperative Program and to the Lottie Moon Christmas Offering!

Earl & Robin Pinkson, IMB missionaries to Malta

MORE for CHRIST
He must increase...I must decrease. John 3:30
