

PTSD Missions Projects for Children

Stuffed Animal Collection- Provide the collected items to law enforcement or first responders.

Community Tragedy Outreach- When a tragedy happens, encourage children to pray for those communities and find ways to reach out to the children living there. Collect cards and drawings and send one large pack to the Baptist Association or local church in the area.

Hospital Care Packages- Check with local hospitals as to what you can include in your care packages for children admitted to the hospital.

Foster Care- Host a back-to-school bash for foster children and their families. Encourage children's missions organizations to set-up booths, games, and activities for children and their families. Collect back to school items and clothing to help the families provide these items to those children in their care.

First Responders- Make cookies or snack baskets to take to them. Make thank you cards to give them.
